A distance of at least one meter on each side must be kept to all objects and persons or other Segway drivers. Please pay special attention to road damage and uneven ground. Please do not drive through puddles and potholes; beware of pavement edges and other obstacles. Please do not try to drive over them. In case of doubt, get off and pull the Segway over them (as shown in the safety instruction).

The Segway is approved for one person only. In no case take other persons or even children with you.

The instructions of the operator or the hirer and/or personnel must be followed. A disregard of the instructions can lead to a termination of the drive. In this case no reimbursement of a participation or rental fee occurs. The same applies, if influence of alcohol or drugs is suspected. Passing on of the Segways to third parties is excluded.
